### 1.2 Warning levels

Warnings against hazards that may result in **injuries** in case of non-observance.  
Warnings against hazards that may result in **material damage** in case of non-observance.

## 2 Description and Function

### 2.1 USB car charging adapter

This product is a USB car charging adapter for charging and operating USB appliances at onboard networks. It converts onboard voltage to 5 volts low voltage.

Fig.3: USB car charging adapter

### 2.2 Scope of delivery

USB car charging adapter, user manual

### 3 Intended Use

We do not permit using the device in other ways like described in chapter Description and Function. Use the product only in dry interior rooms. Not attending to these regulations and safety instructions might cause fatal accidents, injuries, and damages to persons and property.

### 4 Preparing

- Compare voltage and mains voltage of product and mains.
- Do not overload the product and attend to its name plate.

## 5 Connecting and Operating

#### Risk of injury by stumbling and falling

- Ensure safe cable laying.

1. Connect mobile devices to USB car charging adapter via USB cable.
  2. Plug the USB car charging adapter into a board socket.
  3. Unplug all connections after use.
- USB cables are not included.*  
*The product contains no operating elements to handle during use.*

## 7 Maintenance and Cleaning

The products are maintenance-free.

### NOTICE

#### Material damage

- Clean only with a dry, soft cloth.
- Do not use cleaning agents and chemicals.
- Store cool and dry.
- Store the product out the reach of children and in a dry and dust-protected ambience when not in use.
- Keep and use the original packaging for transport.

## 8 §

### Liability notice

We reserve the right to printing errors and changes to product, packaging or product documentation.  
See our terms of warranty. These are available in their current form under the given contact details.

## 9

### Disposal Notes

According to the European WEEE directive, electrical and electronic equipment must not be disposed with consumers waste. Its components must be recycled or disposed apart from each other. Otherwise contaminative and hazardous substances can pollute our environment.

As a consumer, you are committed by law to dispose electrical and electronic devices to the producer, the dealer, or public collecting points at the end of the devices lifetime for free. Particulars are regulated in national right. The symbol on the product, in the user's manual, or at the packaging alludes to these terms. With this kind of waste separation, application, and waste disposal of used devices you achieve an important share to environmental protection.

WEEE No: 82898622

### EU Declaration of Conformity

With the CE sign, Goobay®, a registered trademark of the Wentronic GmbH ensures, that the product is conformed to the basic European standards and directives.
