

SECUPRO MARTEGO  
NO. 122001.02

**For highest demands.**  
A cutting tool in which function and design go hand in hand? Meet the SECUPRO MARTEGO, our prize winning squeeze-grip safety knife with fully automatic blade retraction. Get used to the word "very" in its presence: it's very safe, very robust, very ergonomic, very versatile, and made to very high standards. This knife is not only suitable for both right and left-handed users, but also for those with larger hands.

Videos

**Perfect handling**  
The advantages of the SECUPRO MARTEGO lie in your hands. The ergonomic squeeze-grip, the soft grip for better handling, the "pre-set" cutting edge; these three factors guarantee an ergonomic experience.

**Change safely**  
When you need to change the blade, you can do so without any additional tools. Here, the "attraction" of the SECUPRO MARTEGO is revealed: the integrated magnet ensures that the blade cannot fall out.

**Everything under control**  
It's all about aluminium. The powder-coated metal body does not only contribute to the SECUPRO MARTEGO's extraordinary design. It credits the safety knife with extreme robustness and durability.

**Blade lock for extra protection**  
Your SECUPRO MARTEGO accompanies you on your job at every cut and turn? Glad to hear it. But always press the blue blade lock when you've finished cutting! This way the blade cannot make a surprise appearance.

**4-cutting edge blade**  
The Solingen quality blade, with its four sharp edges, can be rotated multiple times. It's worth it! In the meantime, a relatively small cutting depth protects your goods from unnecessary damage.
