

To whom it concerns

Essen, 27.11.2023

PCN: SLIM

PCN Number	SLIM
Reason for Change	Product improvement after user feedback.
Description of Change	<p>The width of all stackable plugs introduced during 2022 will be reduced from 11.4 to only 9.5 mm.</p>  <p>(Plugs LQ-4..., LM-4..., SLQ-4... and SLM-4... ; Test leads LK-4... and SLK-4...)</p>
Assessment of Change	The slim plugs are as safe and reliable as the prior version: They still fulfill any requirement from IEC 61010-031 and Underwriters Laboratories (UL) like the prior version.
Implementation Date	<p>Delivery will start in February 2024.</p> <p>From March 2024 on all effected products will have this slim width.</p>
